All of Willamette Dental office locations practice the Simple Scheduling method. Through this model, more appointment types are offered everyday so you can be seen when it fits your schedule and needs.

Your dentist will develop a Proactive Dental Care Plan based upon your immediate needs, current dental health and long-term oral health goals. This individual plan will include recommendations for cleanings, restorations and preventive treatments. Most patients will receive a cleaning at their first visit, based on the assessment and recommendation from your dentist.

Can I get major work done right away?

The practice philosophy at Willamette Dental is to first diagnose and treat urgent conditions that pose an immediate threat to your oral health. The next priority is prevention; controlling the disease process. It is important that you be an active partner in maintaining good oral health to ensure the long-term success of the major restorative work you receive. Major restorative work is performed when your Willamette Dental dentist determines your teeth and supporting structures are stabilized, and when you have demonstrated a commitment to maintaining your oral health. This is the best way to ensure the long-term success of whatever major restorative work that you may need.

How do I change an appointment?

If you need to reschedule or cancel an appointment, please call the Willamette Dental Appointment Center at (855) 433-6825 as soon as possible. Your provider may charge a missed appointment fee for any appointment that you miss without a minimum of 24 hours prior notice.
