

Welcome to Kaiser Permanente

3 easy steps to get started!

Step 1: **Choose your doctor – and change anytime**

Getting you connected with a doctor who suits your individual needs is the first priority. Choose from a wide range of doctors. And, remember – you can change for any reason, at any time. Browse our online doctor profiles at kp.org/newmember. Or call us at **1-888-491-1124** (TTY **711**), Monday through Friday, 7 a.m. to 8 p.m., and Saturday, 8 a.m. to 4:30 p.m. See how patients rate our doctors at kp.org/doctorreviews/nw.

Step 2: **Register on kp.org**

Next, let's get you plugged in to your online gateway to great health – kp.org. Once your coverage begins, you can register on kp.org and start using the many time-saving features. You can email your provider, schedule routine appointments, refill most prescriptions, and even make a video visit from anywhere you are.¹

Registering is easy! Go to kp.org/newmember from a computer (not a mobile device) and follow the sign-on instructions.

¹ These features are available when you get care at Kaiser Permanente facilities.

Step 3: **Get prescriptions**

Finally, we'll help you transition your prescriptions to Kaiser Permanente. We make it easier with just a call or a click. Have your prescription information handy, and we'll help you take care of the rest. Simply give us a call at **1-888-491-1124** (TTY **711**), Monday through Friday, 7 a.m. to 8 p.m., and Saturday, 8 a.m. to 4:30 p.m., or go to kp.org/newmember and follow the steps.

Getting care

To enjoy all your Kaiser Permanente benefits, keep your Kaiser Permanente identification card with you at all times. It has your unique health record number on the front. You'll need it to register on kp.org, make appointments, fill prescriptions, and receive services and care. Download the Kaiser Permanente mobile app to access a digital version of your ID card (see back for more details).
